

The **Eureka Essential** is the foundational model in the Eureka Mignon line-up, available in a full matte black finish.

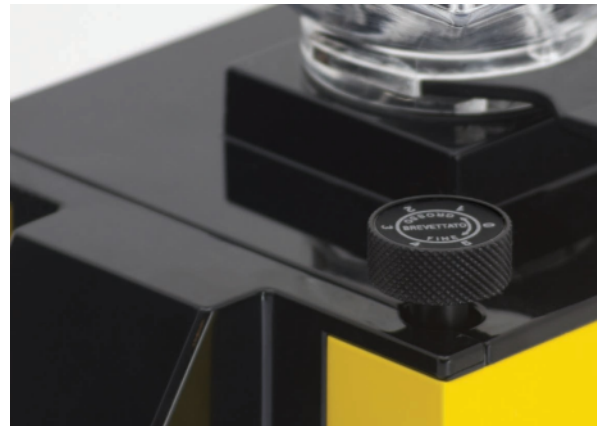

The doser-less design of the Essential allows you to grind coffee directly into your portafilter, minimizing the amount of coffee grounds left-over between shots. The Essential also delivers a light & fluffy cone for more accurate tamping.

Though compact (only 14" tall), the Essential features a powerful direct-drive motor, large 50mm burrs, and micro-metric grind adjustments to dial in the perfect grind setting.

Burrs: 50mm carbon steel | **Bean Hopper:** 300g

Finish: full matte black

Height: 35cm/14" | **Width:** 12cm/4.75" | **Depth:** 18cm/7" | **Weight:** 5.5kg/12.5lb
